1. 2024 progress report

Date

Subject NLFI voortgangsrapportage Volksbank 2024

Dear President,

Every year, NLFI draws up a progress report on the situation at de Volksbank. Each of NLFI's progress reports has been shared with your House. I have now received the report for 2024 from NLFI. That progress report is enclosed with this letter. Since the government currently has caretaker status, any assessment of the report will be up to my successor.

For the sake of completeness, I would like to point out that the progress report is separate from the guidance decision on de Volksbank's future. In my letter of 10 June 2024¹, I shared NLFI's advice on de Volksbank's future options with your House. In view of the government's current caretaker status, it will also be up to my successor to take the guidance decision.

Yours sincerely,

The Minister of Finance;

S.P.R.A. van Weyenberg
